

COMPACT HPL

La SM'art propone una gamma originale ed esclusiva di prodotti Compact HPL tutti disponibili a magazzino ed in pronta consegna. Nel formato 3660x1400x12 mm la scelta si compone di articoli Compact HPL tradizionali, come il Bianco ed il Nero con cuore nero, per passare ad articoli più sofisticati come il Frost cuore nero, con vere particelle di alluminio.

Ancora più notevole il Chrome HPL Bianco con cuore bianco, arricchito se si vuole dal decorativo Spark, con inclusioni olografiche.

Per finire Geo HPL, prodotto ecologico e riciclato con superficie e cuore in tinta, e disponibile anche in versione Galaxy, con polvere d'argento.

Inoltre la SM'art stocca nel formato 3050x1300x10 mm il Chrome Bianco con cuore bianco ed il Compact Nero con cuore nero. Questi due articoli possono essere utilizzati così come sono, od accoppiati a qualsiasi HPL, KUIK Metal e KUIK Acrylic, dando origine ad abbinamenti straordinari ed una grandissima flessibilità.

Infine abbiamo in pronta consegna il Compact HPL Bianco cuore nero sempre nel formato 3050x1300 ed in diversi spessori.

COMPACT HPL

SM'art is offering an original and exclusive range of Compact HPL all available ex-stock.

In size 3660x1400x12 mm you can chose traditional Compact HPL items, like White and Black with black core, or select more sophisticated items like Frost with black core, with real aluminum particles.

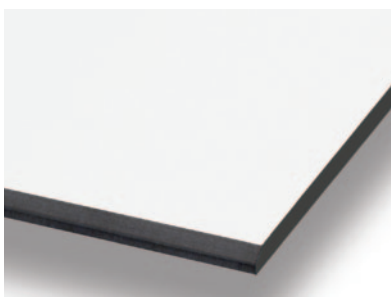

Even more appealing is Chrome HPL White with white core, if you wish enriched by the Spark décor, with holographic inclusions.

At last Geo HPL, ecologic and recycled product with surface and core in the same tone, and also available in Galaxy version, with silver dust.

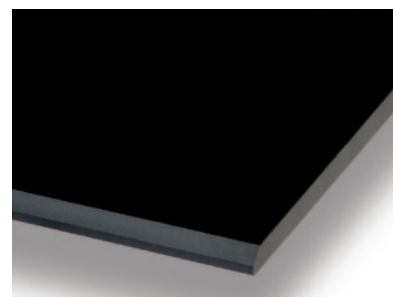

More over SM'art is stocking in size 3050x1300x10 mm Chrome White with white core and Compact Black with black core. These two items can be used as they are, or surfaced with any HPL, KUIK Metal or KUIK Acrylic, giving origin to extraordinary matches with a great flexibility.

Finally we have ex-stock Compact HPL White black core again in size 3050x1300 in assorted range of thickness.
