OPEN

Quando le materie incontrano le idee, molteplici possibilità si schiudono per dar vita a soluzioni brillanti, seducenti, minimali. Da una vasta esperienza nella progettazione e da una continua ricerca estetico-concettuale, FOAporte arricchisce lo stile delle proprie produzioni in termini di design e qualità. Una scelta di proposte in grado di contraddistinguere con una nota esclusiva qualsiasi ambiente.

When matters meet ideas, many opportunities open up, in order to give life to many brilliant, seductive and smart solutions. Drawing on a vast design experience and on constant estetical and concept research, FOAporte enhances the style of its products with keen design and the utmost quality. Choosing one of our proposals means making every location unique.

VETRI COLORATI COPRENTI - CODICI RAL
COLOURED OPAQUE GLASSES - RAL CODES

Vetro colorato coprente (in base ai colori e alle fonti luminose il vetro potrebbe risultare semi-coprente). Le due superfici sono lucide, colorazione interna. N.B. Colori a scelta facendo riferimento esclusivamente alla cartella colori RAL (quelli qui riprodotti sono solo indicativi). Possibilità di realizzazione del vetro con colori differenti sui due lati, previa verifica da parte del ns. Ufficio Tecnico.
Coloured opaque glass (depending on colours and light sources, these glasses may behave like semi-opaque ones). Both surfaces are polished and have an inner coloring. Please note that the colours may be chosen only amongst those included within the RAL codes (the ones shown here are provided only as a guide). These glasses may feature alternate colours on both sides, provided our Technical Office gives its assent.

Dati tecnici / Technical data
Vetri stratificati spessori:
mm 6; 7 / 8; 9 / 10; 11
Dimensioni massime:
mm 1300 x 2900h
Laminated glass thickness:
6; 7 / 8; 9 / 10; 11 mm
Maximum size:
1300 w. x 2900 mm h

VETRI TESSUTO
TISSUE-ENHANCED GLASSES

Le due superfici sono lucide, tessuto all'interno.
Both surfaces are polished and a tissue is set between them.

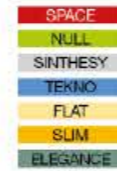

Dati tecnici / Technical data
Vetri stratificati semi-trasparenti spessori: mm 6; 7 / 8; 9 / 10; 11
Dimensioni massime:
mm 1300 x 2900h
Laminated semi-transparent glasses, thickness:
6; 7 / 8; 9 / 10; 11 mm
Maximum size:
1300 w. x 2900 mm h.
